Honor Medallions

At today's commencement exercises, medallions affixed to gold ribbons distinguish the Valedictorian and Salutatorian graduates.

National Honor Society

The purpose of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools. To be eligible for membership, students must have a cumulative grade point average of at least 3.5. Additionally, potential members must meet high standards of leadership, service, and character. Leadership is based on the student's participation in two or more community or school activities, or election to an office. To meet the service requirement, the student must have been active in three or more service projects in the school and community. Character is measured in terms of integrity, behavior, ethics, and cooperation with students and faculty. Membership is an honor bestowed upon a student, and once selected, members have the responsibility to uphold the standards of the organization. At today's commencement exercises, gold cords distinguish the National Honor Society members.
